AUTO DEALERS GIVE \$2,000 EACH MONTH

SUBSTANTIAL PLEDGE RECEIVED BY THE WELFARE COMMITTEE

REPORTS ARE GIVEN

Total Of \$19,000 Received To Date In Pledges To Aid Unemployed

The automobile dealers of Kankakee have pledged approximately \$2,000 a month for the Community Welfare fund. It was announced by Romy Hammes last evening at the meeting of the Community Welfare Committee. This is one of the largest pledges received by the committee.

Prior to Mr. Hammes' announcement, A. E. Anderson, chairman of the finance committee, stated that he had a total of \$19,000 in pledges and had received \$5,559.92 in cash. The sum of \$557.15 had been expended, leaving a cash balance on Jan. 1st of \$5,002.77. W. C. Babst, in charge of disbursements, said that \$2,700.14 of this balance had been spent yesterday in payment for food and clothing given the unemployed the past month.

238 Families
Mrs. Elizabeth Mann, director of the welfare work, stated that \$3,257.60 had been expended since the organization of the relief committee for groceries, shoes, coal, etc. There were 238 families in Kankakee who received relief and 64 in Bourbonnais township. Sixty-five families have been receiving milk donated by various plants. Schnell's dairy is now caring for ten families' milk supply.

Mrs. Mann also stated that 1,397 families have received bread at her office the past three months but the supply donated by bakers and stores has diminished and other donors of bread are being searched for. Mrs. Mann said that her office aided in furnishing names of families for 500 Christmas baskets this year which were distributed by the Elks, Knights of Columbus, Salvation Army and various industrial plants. Sixty-eight children of the unemployed were given a dinner on Christmas eve at Stanley McBroome's cafeteria.

Play Nets \$80
The Rev. J. W. R. Maguire, president of St. Viator college, presented the committee with a check for \$80.84 which represented the net proceeds of the Christmas play staged at the Luna theatre by students of the college. At the suggestion of B. B. Ferris, president of the relief organization, a vote of thanks was tendered to Father Maguire, the student body of the college, directors of the play and all who worked in its behalf.

Peter Marnell, chairman of the entertainment committee of the Italian-Lincoln society, stated that his organization is planning to donate several thousand pounds of macaroni to families of the unemployed and urged that the committee lend its support to the society's annual masquerade ball at the K. of O. hall on Feb. 9th. The macaroni will be purchased at less than wholesale cost from the factory out of funds received from the dance.

Basketball Game
J. A. Ennis stated that everything is being put in shape for the first of a series of basketball games in the Armory on Jan. 28 when the Diamond Oilers of Tulsa, Okla., will meet an all-star team composed of former captains in the Big Ten conference.

Mr. Ennis urges all other organizations in the city to refrain from

MOMENCE PASTOR WILL SPEAK FOR UNION SERVICES

With the conclusion of last night's meeting just one half of the series of services arranged in the observance of the Universal Week of Prayer was finished. The attendance last evening was very gratifying and the response splendid. Since this Wednesday evening is the regular time for the mid-week service in the co-operating churches it is expected that the church will be filled to capacity with expectant people who are desirous to take part in the ministry of prayer and with those who are anxious to receive proper guidance as should come from a service of this nature.

The guest preacher for the service this evening will be Rev. Charles Smith, pastor of the First Methodist church at Momence. The special music will be given by members from the choir of the Central Christian church.

The very practical and timely subject presented at the service of last evening by Rev. George L. Peterson was "Christ in Every Day Life." He said that Jesus influences our every day life because he lived a triumphant life, because he gave us a new way to live, because Jesus strengthens man's faith in the reality and personality of God, because Jesus is a convincing argument that God is our Father, a God of love and finally because for unnumbered people Jesus is a Saviour.

If we have poverty, if we experience malicious treatment, if we are lonely, if we are discouraged Jesus can help us, said the preacher of the evening, because He experienced all this and was triumphant in it. During the course of his message Mr. Peterson quoted George Bernard Shaw as saying: "I am no more a Christian than Pilot, yet I am ready to admit that after studying the world of human misery for more than sixty years I see no way out of the world's troubles but the way Jesus would have found had he undertaken the work of a modern practical statesman."

The message in the song, "In the Secret of His Presence," was effectively sang by Miss Alma Salsman.

Advice From Abroad

Depression, Declares London Editor, Is All In Our Heads.

(NEW YORK TIMES)
The following is the message to the American business men from Herbert N. Casson, editor of Efficiency Magazine of London. Its optimistic note, I am certain, will be of interest to the many readers and is most opportune:

"You are depressed. You think you are crippled. You are afraid of the future. You are full of fears. You have half the gold of the world and half of the machinery and most of the automobiles and all the skyscrapers."

"You have the greatest home market in the world and the largest corporations that the world has ever seen."

"You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do."

"How can it be possible that a progressive nation of 120,000,000 people can be wrecked by the speculation of a little handful of fools in Wall Street?"

"The prices that were forced too high had to come down. Today all the prices are too low."

"There is now a golden opportunity for every man who has eyes to see it."

"Dollars are now being sold for 30 cents. Practically every security in the United States is now being sold at less than its value."

"The way to create a fortune is to buy from pessimists. Pay your money and take the risk."

"Frick started his career by buying coke ovens in the slump of 1873. Carnegie made \$300,000,000 by buying steel plants in the slumps."

"Hundreds of fortunes have been made by buying from pessimists. Yet what a chance there is at this moment!"

"In five years from now most American business men will belong to the 'I-wish-I-had' club."

"Then it will be too late to buy a dollar for thirty cents. The opportunities will be gone."

"When a horse balks, the balk is in his head, not in his legs. He moves on when he thinks he will."

"And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will."

"When fear rules the will, nothing can be done, but when a man is free out of his mind, the world becomes his oyster."

"To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples."

"This silly depression has gone on long enough. Get rid of it. It is inside of you. Rise and walk."

William Mathew Sullivan.

John Statler and Ernest Oleana, two St. Anne men who were arrested last Saturday night in the Schreffler garage at Manteno and charged with attempting to steal automobile tires, pled guilty when arraigned before County Judge Henry F. Dispatches Report Disaster To Two Planes On Leaving African Coast

BULLETIN
Buenos Aires, Jan. 7.—(AP)—A dispatch to La Nacion from Bolama, Portuguese Guinea, today said that two of the planes of the Italian transoceanic expedition collided off Praia Branca yesterday shortly after the planes took off for Natal, Brazil. One of the planes fell in flames, the other returned, damaged, to Bolama.

The body of the pilot of one of the planes was said by the dispatch to have been recovered yesterday.

Government censorship was lifted today but details were withheld largely to avoid alarming families of the fliers.

(Praia Branca apparently is one of the Disagios islands which lie off the coast of Portuguese Guinea.)

Natal, Brazil, Jan. 7.—(AP)—Thousands of natives of this far northeastern tip of the South American continent gathered here today to look at ten great Italian seaplanes which yesterday flew nearly 1700 miles across the Atlantic, from Bolama, Portuguese Guinea, West Africa.

The planes, three of them black, three green, two red, and two white, floated at anchor in the Potengi river.

Day after tomorrow the air caravan will continue its journey down the Brazilian coast to Rio de Janeiro, alighting in Botofogo Bay near the presidential palace to complete an odyssey of 7000 miles which began with departure from Orbetello, Italy, on December 17.

Twelve planes left Bolama. One was forced to alight on the sea and the other was forced down by motor trouble off St. Paul's Rocks, 475 miles from Natal. Both were picked up by Italian cruisers stationed along the route. The first was towed back to Bolama and the other is being brought to Fernando Do Noronha, Brazilian penal colony island, 125 miles from here.

There were rumors today that the four aviators aboard the second plane were injured in the forced landing. It is not known how badly the plane was wrecked.

 By showing them how to be a stable force, Coach Michaels has made the Blue Devils' cages can come through with victory, after a hard fought tilt with the Dominican quarter last night at the local gym.

Although the score was not needed, the Maroon and Blue five-pawed more offensive power than last year and time to seek.

Joe Foster captured the hearts for the locals high point man, closely followed by Kaeter. Dominans' score was their speed, forward, and behind who hung in eight points.

During the first period, when the teams held the lead, momentum, the pep, and enthusiasm of the Blue Devils was the main factor in a high school band, made an exciting and uproarious scene.

Both teams showed little fear in the first half but in the second period, the Blue Devils' offense began to flag. Maroon's offense, however, kept going frequently.

This game proved to be the last for Michaels, who seems prepared to leave the Blue Devils' front row.

Kankakee's hard-fighting defense, led by center from the Scotch and Mike Shigro put the attack through the ring in speedy fashion. The defense was not so quick. The offense also ended the second quarter by kicking a field goal and by slipping in a short shot and the half found Kankakee leading 14-0.

While the defense was bottled up, Norman Daniels, Michigan's widely advertised scoring end, shattered their defense by scoring for the home team three throws for 11 points. Fast, alert and rangy, the blond Husher was all over the defense and off it for points when Purdue's defense was feeble. Then the nine defense tightened around him. Modern driving demands attention and skill. Whenever two cars pass, even at a reasonable rate of speed, there is the barest fraction of a second between safety and death. The slightest slip on the part of either driver may change safe operation into disaster. The responsibility rests heavily on the shoulders of both; it rests heavily on the shoulders of every person who drives an automobile.

The motor car, in safe hands, is a great aid to progress. In unsafe hands it becomes a monster of destruction. The moral is clear! **DRIVE SAFELY!**

Johns Was a Historic Name
Names famous in British history and literature are found in a small district of southern Ontario, Canada. Here is the city of London, one of the most important of the province, located on the Thames river. Less than fifty miles away is the city of Stratford, which, in the Shakespearean tradition, is located on the Avon. Nearby is a town which bears the name of the great dramatist, while another community in the region is called Waterloo. Not far from Stratford is the city of Kitchener, which before the World war was called Berlin. — New York Times.

The carcass of a giant lizard-like creature, with fur in perfect condition has been reported found on Glacier Island near Cordova, Alaska. The creature is reported to be forty-two feet long.

Here's Quick Way To Break Up a Cold

Makes You Feel Like a New Person Almost Before You Know It

The thing to do with a cold is to break it up in a hurry—with something you KNOW does the job, not to trifle with a lot of trick ideas and remedies. Colds are too dangerous to experiment with.

Get a box of Hill's Cascara Quinine at any drug store. Take two tablets now. Then follow directions on box. Drink lots of water—that's all.

Soon that miserable, aching feeling begins to go. The cold breaks up. The poisons are moved from your system. The world looks like an altogether different place.

Those results come because Hill's goes back to first principles by going to the seat of the trouble. It's not a new fangled fancy idea but a tried and proved way that's made to do ONE THING WELL: to knock a cold in a jiffy.

Hill's costs only a few cents. Use it for quick relief after everything else you've tried has failed.
